OBJECTIVE

Results-driven Full Stack Developer with a passion for building scalable, visually appealing, and user-friendly web applications. Proficient in frontend technologies like HTML, CSS, JavaScript, React, GSAP, and Spline, along with backend technology such as Node.js and databases like MongoDB. Skilled in responsive design, UI/UX principles, and performance optimization, I aim to leverage my expertise in both frontend and backend development to deliver seamless user experiences. Seeking an opportunity to contribute innovative solutions and grow professionally in a dynamic development team.
